|--|--|
| Job Title | Assistant Professor/Associate Professor/Full Professor in Mathematics/Applied Mathematics/Statistics |
| School/Department | Department of Mathematical Sciences |
| Job Level | UNNC Scale B Level 5/6/7 |
| Job Family | Research and Teaching |
| Contract Status/ Appointment Duration | This post is available from September 2024 or as soon as possible and will initially be offered on a fixed-term contract with the University of Nottingham Ningbo China for a period of up to five years. This contract may be extended based on mutual agreement. |
| Location | University of Nottingham Ningbo China |
| Hours of Work | Irregular working hours |
| Responsible to | Head of Department of Mathematical Sciences |

Purpose of role:

The successful candidates will be expected to deliver teaching to students and to supervise postgraduate research students. In addition, the persons appointed will be expected to develop independent research, to play a leading role in the research activities of the Department and to build a strong recognised research programme contributing to the existing academic landscape of the Faculty. It is also expected that the applicants appointed will contribute to the development of undergraduate programmes and take a fair share of administrative duties.

The detailed role profile will be provided once applicants are offered a specific level of appointment.

Person specification

The following specification is a minimum expectation of an academic in the Department of Mathematical Sciences. The detailed personal specification will be provided once applicants are offered a specific level of appointment.

| | Essential | Desirable |
|--|---|--|
| Qualifications, certification and training (relevant to role) | <ul style="list-style-type: none"> ▪ PhD in a relevant discipline. | <ul style="list-style-type: none"> ▪ Higher Education teaching qualification or equivalent. ▪ Membership of a professional body where appropriate. |
| Skills | <ul style="list-style-type: none"> ▪ Excellent oral and written communication skills in English. ▪ Evidence of ability to conduct research at an international level. | <ul style="list-style-type: none"> ▪ Evidence of the ability to attract funding for research projects. |

| | | |
|---------------------------------|---|---|
| Knowledge and experience | <ul style="list-style-type: none">▪ At least 2 years of relevant teaching experience.▪ A track record of high-quality published research in peer reviewed journals. | <ul style="list-style-type: none">▪ Experience of PhD and Masters student supervision.▪ Experience of teaching in relevant subjects at an international English speaking institution.▪ Research interests and activities in line with and complementing the Department's research activities. |
| Personal Attributes | <ul style="list-style-type: none">▪ Ability to work collaboratively in a multidisciplinary environment.▪ Ability to work effectively in a multi-cultural environment.▪ Ability and motivation to lead an independent successful research programme.▪ Ability to work to deadlines and to prioritise tasks. | |
